The tragedy occurred about noon Morgan was passed. in the law office of M. G. Bayne, in the Washington block, the principal office building of the city. Mrs. Carson shot five times, and four of her bullets took effect, each of them inflicting a mortal wound. Mrs. Carson's victim was armed, but so quickly did she shoot and so deadly was her aim that death overtook Rigsby before he could draw his

weapon. The tragedy was the culmination of a trouble that had extended through several days. Mrs. Carson is the instructor in telegraphy in the Georgia-Alabama Business College, and Rigsby was professor of penmanship in Lanier's Business College, a rival institution.

Mrs. Carson is about thirty years old and beautiful. It is said her beauty was drawing many students from Rigs by's college. This angered Rigsby, and he made remarks reflecting on the character of Mrs. Carson. Chicago, Jan. 13.-There was con sternation among the six men in the office of Korbel and Bro. at 6 o'clock last evening when they heard the com-mand: "Hands up," and looked up to find three masked men standing behind as many revolvers pointed at them. The command was obeyed instantly, and then one of the three went to the open safe where he met disappointment as the receipts of the day had all been deposited in bank. He then relieved the six of their money and other valua-bles among which were two gold watches. They then left the office but at the door ran into another employe who had a case of whiskey in his arms. Seeing the masked men he threw the case at one of them, and yelled "Thief." At this the leader of the gang fired three shots at him, none of which took effect. The burglars then ran out of to impose a tax of six cents per ton on the front door and stuck a piece of wood through the door handle so that it could not be opened from the inside for several minutes. Mr. Tillman had temporarily yielded. Mr. Tillman's right was recognized. He then yielded it to Mr. Aldrich, who denied the contention that Mr. Dingley had advocated high duties so that they

could be cut. Mr. Tillman secured an unanimous agreement that the resolution go over until tomorrow, without losing its place. He said he, at that time, would scatter about a few live wires. If they burned about a few live wires. If they burned no one he remarked, it would be no fault of his. He said he intended to show that the pitiful and horrible coal condition was due to the President and

his Attorney General. The omnibns statehood bill was then taken up at 2 o'clock and Mr. Nelson continued his remarks in opposition to to the measure.

A resolution was adopted making the bill providing for a delegate in Congress from Alaska the special order on

appropriations for the Government printing and for the District of Columbia, amounting to \$102,000, was passed.
In committee of the whole the mili-

tary appropriation bill, carrying \$73,-875, 276, was taken up. General debate was limited to five

Mr. Hull addressed the committee on the provisions of the bill. He took occasion to discuss the transport service and submitted figures showing the saving to the government in owning and operating its own transports. The saving this year, he said, in moving troops to and from the Philippines, would be \$400,000.

The debate was interrupted to give Mr. Payne, of New York, Chairman of opportunity to present to the House the bill providing a rebate on coal. He gave notice that he would call it up for consideration tomorrow,
